

Everglades NP General Management Plan/EIS

Agency Information

As you know Everglades National Park recently began preparation of its 20-year guiding planning document – the General Management Plan/Environmental Impact Statement – to replace the park’s 1979 plan. The new plan will determine goals and strategies for conserving natural and cultural resources, providing recreation and visitor uses, offering interpretive and education programs, and strengthening partnerships to meet our mission.

Your involvement will be important to the success of our effort. Please take a few minutes to complete this questionnaire so that we can work most effectively with you on this project.

Name _____ Title _____
Agency _____ Phone _____ E-mail _____
Address _____
City _____ State _____ Zip _____

What is your agency’s mission?

Does your agency have a current planning document(s) guiding decision making? If so, what is it? How old is it? Is an update underway or planned for in the near future?

Does planning and decisions within your agency deal with issues that might influence planning for Everglades National Park? If so, what are those issues?

Does your agency have information that you think would be important to consider during preparation of the General Management Plan? If so, should we contact you or someone else at your agency to get that information? Briefly highlight the data you think is important and describe the form it is in? (document, maps, electronic format, GIS, etc.)

If not you, the person we should contact is: Name _____
Title _____ Phone # _____ E-mail _____

Check the level of involvement you anticipate for your agency in the Everglades General Management Plan?

- ☐ Only receive GMP/DEIS for review and FEIS
- ☐ Receive routine mailings (newsletters, status reports), receive GMP/Draft EIS for review and FEIS
- ☐ Attend agency meetings on key project steps, receive routine mailings, receive GMP/DEIS for review and FEIS
- ☐ Be a formal cooperating agency, involvement in all team meetings and reviews, provide written sections of GMP/EIS and FEIS, receive all mailings

Are you the appropriate GMP contact for your agency? If not, who do you believe would be the appropriate contact? (Please provide contact information as you can: name, title, phone #, E-mail address)

Identify the major issues and concerns that you believe Everglades National Park should address in the GMP.

***Provide completed questionnaire to Bob Johnson at the May 8-9 Working Group meeting or return by mail to:
Fred Herling, Park Planner, Everglades NP, 40001 SR 9336, Homestead, FL 33034***
